MONO EN MOTO

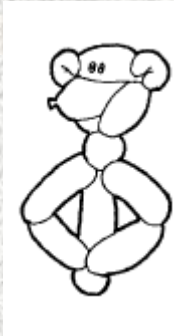

1. Diagram showing the first step of the process: a horizontal sequence of balloons numbered 1 through 6. A curved arrow indicates the connection from balloon 1 to balloon 6.	2. Diagram showing the second step: the sequence of balloons is folded into a vertical shape. Numbers 1 through 6 are labeled on the balloons, indicating the order of the sequence.
3. Diagram showing the third step: the vertical shape is further folded into a seated position. A curved arrow indicates the connection from the top of the vertical shape to the bottom of the horizontal sequence.	FIGURA TERMINADA Diagram showing the final completed figure: a balloon dog in a seated position, matching the schematic at the top left.

POODLES BESANDOSE

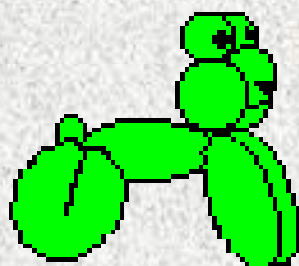

1. Orthographic front view showing the arrangement of spheres from the front. It consists of a central column of four spheres, flanked by two columns of three spheres each. A semi-circular shape is attached to the right side.	2. Orthographic top view showing the arrangement of spheres from above. It shows a central column of four spheres, flanked by two columns of three spheres each. A semi-circular shape is attached to the top.
3. Orthographic side view showing the arrangement of spheres from the side. It shows a central column of four spheres, flanked by two columns of three spheres each. A semi-circular shape is attached to the right side.	4. Orthographic back view showing the arrangement of spheres from the back. It shows a central column of four spheres, flanked by two columns of three spheres each. A semi-circular shape is attached to the bottom.
5. Orthographic bottom view showing the arrangement of spheres from the bottom. It shows a central column of four spheres, flanked by two columns of three spheres each. A semi-circular shape is attached to the right side. A red arrow indicates a rotation of the structure. Bottom View	FIGURA TERMINADA Isometric view of the completed structure, showing the arrangement of spheres from a three-dimensional perspective. It is identical to the initial isometric view at the top of the page.
